

REDDOT DEVELOPER

Position Description:

Looking for a challenging position, interested in Enterprise Content Management Systems? Here's your chance, RealDecoy is looking for talented web professionals to be a part of our elite RedDot Development team based in Ottawa Canada.

We are currently seeking highly skilled Senior Content Management System Developers with RedDot experience. In this challenging and rewarding role, you will work alongside other professional RedDot developers as part of a dedicated team responsible planning, managing and developing RedDot content managed web sites.

Primary Responsibilities:

- Web site development with RedDot Content Management System and RedDot LiveServer
- Advise planning team on RedDot capabilities and best practices
- Troubleshoot problems on current and past implementations
- Create test scenarios and perform unit testing of programming changes.
- Actively reduce template development time through re-usable codebase.
- Maintain a solid understanding of technical environments for web applications; keeping abreast of new technologies that may impact the implementation of client projects.
- Provide time estimates for various aspects of development.
- When necessary, provide other development support that is inline with applicant's skill set.

Mandatory Requirements

- Proficient with XHTML, CSS, and W3C WAI Standards
- Proficient with RedDot Content Management System
- Proficient with RedDot templates, RQL scripts and plugins
- Experience with RedDot Liveserver
- Experience with XML and XSL/XSLT
- Experience with MS SQL and MySQL
- Understanding of version control systems (SVN)
- Understanding of UML and OOD/OOP concepts

- Minimum 3-5 years experience developing web based applications and working with web based CMS systems.

Assets:

- Microsoft Professional Certifications
- VB.NET or C#.NET
- ASP, PHP, JSP, ColdFusion, or other web scripting languages
- JavaScript and AJAX experience
- Prior experience developing on J2EE
- Prior experience with Oracle
- Prior experience with other mid to enterprise level content management systems
- Ability to communicate in English and French

Benefits:

- Health, Dental, and Insurance plan
- ISP allowance
- Education and Training budget

Notes:

- Applications must be received in electronic format and sent to careers@realdecoy.com.
- Candidate may be required to take a test.
- We thank all applicants for their interest, but only those selected for an interview will be contacted.
- This position is based in the RealDecoy Ottawa, Ontario, Canada head office.

About RealDecoy:

RealDecoy provides development and other technical services in partnership with leading creative firms and ad agencies. A career at RealDecoy features:

Stability - Free of the rapid hire/fire approach adopted by the competition

Challenge - Many projects, many technologies, new challenges every day

Openness - A management style focused on sharing rather than hiding

Growth - A career path based on skill and effort
